SCHOOL REPORT.

The Superintendent of Schools respectfully submits the following report :—

DISTRICT NO. 1.

Mr. Silas W. Dana, Prudential Committee.

Summer term of seven weeks, taught by Miss Effie M. Bunker, of New London. Although this was Miss Bunker's first term, she has shown that she will make a successful teacher.

Fall term of twelve weeks, taught by Miss Bertha H. Ross, of New London. She conducted this term in a manner highly credible to herself and those she served.

This district has been very fortunate in its selection of teachers the past year. It would do well to employ the same teachers another year.

DISTRICT NO. 2.

Mr. Corbin Bartlett, Prudential Committee.

Summer term of six weeks, taught by Miss Cora R. Jones, of Newbury. Miss Jones has had charge of this school before, although there were not as many scholars. Good progress was made by all.

Fall term of eleven weeks, also taught by Miss Jones. The school presented a good appearance at the beginning, but cannot judge of the amount accomplished, as it was necessary to close the school before it was expected on account of sickness of the teacher.

This district would do a good act if they would provide a new school-house for the scholars, as the present one is not suitable for anyone to stay in during cold weather.

DISTRICT NO. 3.

Mr. Hiram B. Cheney, Prudential Committee,

Summer term of six weeks, taught by Miss Carrie A. Fifield. This was Miss Fifield's first term. Cannot judge of the progress made, as I was not notified of its close until after the examination.

Winter term of nine weeks, taught by Miss Cora R. Jones, of Newbury. The greatest progress seemed to be in reading. The school was small, so each one had a good chance to improve.

DISTRICT No. 4.

Mr. Jonathan Merrill, Prudential Committee.

Fall and only term of fourteen weeks, taught by Miss Carrie A. Fifield. The examination of those present was very good. We trust, if everyone in the district had attended all the term, they would not have been any worse off.

DISTRICT No. 5.

Mr. Ezra Cilley, 2d., Prudential Committee.

Summer term of eight weeks and fall term of nine weeks, taught by Mrs. Belle C. Nichols, of Newbury. The first term was somewhat broken by sickness, but quite good progress was made. The fall term did not show quite as good order as desired.

Winter term of twelve weeks, taught by Miss Abbie C. Paige, of Dunbarton. This district was very fortunate in obtaining the services of so good a teacher. It would be a good idea if a few other districts would do the same. Miss Page is one that is alive to her work, and will not depend on the book to instruct her pupils. This school does not close until it is too late to report the progress made, but we have no hesitancy in pronouncing it a success.

DISTRICT No. 6.

Mr. Albert S. Eaton, Prudential Committee.

Summer term of nine weeks, taught by Mrs. Emma C. Eaton, of Newbury. Mrs. Eaton having taught this school before, and being familiar with the scholars, was enabled to accomplish what no other teacher could have done in the same time.

Fall term of sixteen and six tenths weeks, taught by Miss Estie M. Cutting. The school presented a very fine appearance when I visited it at the beginning. Did not know of the examination until it was too late to be present, but presume it was good, as I have heard good reports of it.

DISTRICT No. 7.

Mr. Josiah B. Colburn, Prudential Committee.

Summer term of nine weeks, taught by Miss Clara B. Messer, of New London. This was Miss Messer's first term. Good progress as could be expected, considering the age of a majority of the pupils, was made.

Fall term of twelve weeks, taught by the same teacher. Greater advancement was made this term than the preceding. The examination was very interesting, especially in the higher classes.

DISTRICT No. 8.

Mr. Leander W. Blodgett, Prudential Committee.

Summer term of seven weeks, taught by Miss Bertha H. Ross, of New London. Notwithstanding this was Miss Ross's first effort, it was a splendid success. The examination of this school was one of the most interesting of any that we had the pleasure of witnessing.

Fall term of eleven weeks, taught by Miss B. Josie Baker, of New London. Miss Baker has had the charge of this school before, and was enabled to accomplish more than she otherwise could have done. Excellent progress was made.

DISTRICT No. 9.

Mr. Lorenzo D. Muzzey, Prudential Committee.

Summer term of six weeks, taught by Miss Emma F. Nichols, of this town. Being acquainted with the wants of the scholars, she succeeded in having a good school, notwithstanding it was broken up at the beginning on account of sickness. The class in geography deserves especial mention.

Winter term of nine weeks, taught by Mrs. Belle C. Nichols. Was unable to be present at the opening of the school. Those in the district can judge of the amount accomplished, so there is no necessity of any comments from me.

DISTRICT No. 10.

Mr. B. F. Gillingham, Prudential Committee.

Summer term of six weeks, taught by Miss Lizzie F. Peaslee, of Bradford. Miss Peaslee had never taught before. The school pre-

sented a good appearance at commencement, but am unable to report the amount accomplished, as I was not present at the examination.

Fall term of ten weeks, taught by Miss Clara M. Hart, of Sutton. Miss Hart also was a new hand at teaching. Cannot judge of what she might accomplish in a larger school. Those present at examination had done nicely.

DISTRICT NO. 13.

Mr. Charles H. Gillingham, Prudential Committee.

Summer term of eight weeks, taught by Miss Hattie E. Shaw, of this town. The examination was very good, but we presume not as good as it would have been if the teacher had been enjoying good health.

Winter term of thirteen weeks, taught by Miss Carrie H. Cooper, of Sutton. We were unable to visit the school at the commencement, but had the pleasure of being present at the examination, which was largely attended by parents and friends of the district and a large delegation of scholars from District No. 4 in Sutton.

Names of those who have not missed in spelling, viz. :

Lizzie Laughton, Eliza Warren, Frank Bartlett, Willie Laughton, Walter S. Brown, Carl H. Nelson, George E. Nelson, Hannah S. Muzzey, Ella F. Muzzey, Myra M. Muzzey, Marion S. Morse, Lester Gove, Alice Gove, Agnes Johnson, Mary L. Brockway, Bertha M. Brockway, Bertie Shaw, Frank P. Craig, Anna L. Gillingham, Lillian Merrill, Elsie Farmer, Lonette Fellows, Emma Hart, Clark D. Stevens, Emma F. Nichols, Mertie Jones, Martha Williamson, Forest Gillingham, Willie A. Perkins.

GENERAL REMARKS.

There have been, in the aggregate, two hundred ten and six-tenths weeks of school the past year, at an expense of seven hundred and ninety-one dollars and ninety-six cents. The average daily attendance has been one hundred thirteen and six hundred fifteen thousandths, making the tuition of each scholar six dollars and ninety seven cents. The whole number of scholars that have attended school, during the past year, is one hundred and thirty-eight. The number of scholars between the ages of five and fifteen, who have not attended school, is five. There have been fifteen different teachers employed, all of whom have been female teachers. On a whole, we think they have given general satisfaction to all. It is expected that there will be a few that will not be satisfied, as it is impossible for a teacher to please all.

There has been no trouble, during the past year, of any kind in the schools, except, perhaps, in a few minor cases. I think, on a whole, the schools are in a more prosperous condition than at the close of last year, which is due, in a great measure, to the interest manifested by the parents and citizens. It is true, that the success of our schools depends largely on the kind of teachers but we have,

you may have ever so good teachers, and unless they have the assistance of the scholars, backed up by the good-will of the parents, it will not amount to much.

It has given me great pleasure to see the interest manifested in most of the schools on examination day. I think it is a duty of every citizen in town, whether they have scholars or not, to visit, at least once during the term, the school in their own district, if no other. I think a greater interest would be created in the schools if the scholars and teachers would make it a practice to visit other schools in their vicinity, in a body. I would recommend that in the future they do so.

During the past year all schools have attended to written spelling once a day, which has, I believe, not been without its profit. It is a sad fact that in the past spelling and grammar have been neglected too much, but as will be seen in the report, there are quite a large number that have not missed in spelling at all. Another great thing that teachers neglect is, that of giving prizes to create an interest in their schools. I believe it more than pays a teacher to spend a few dollars in presents. There are too many that teach simply for the money that they get.

After the first of March teachers will be obliged to pass an examination in physiology and hygiene, which will have a tendency to raise the standard of our schools. It is very important that our young boys and girls should know something in regard to themselves, and thus be taught to shun those evils that will sooner or later end in disease and ruin. Therefore, I would recommend that these studies be placed in all of our schools.

Before closing I wish to express my sincere thanks to scholars, parents, and teachers for the kindness shown, and the assistance they have rendered me in making the schools what they are. Wishing them all success in the future, I am

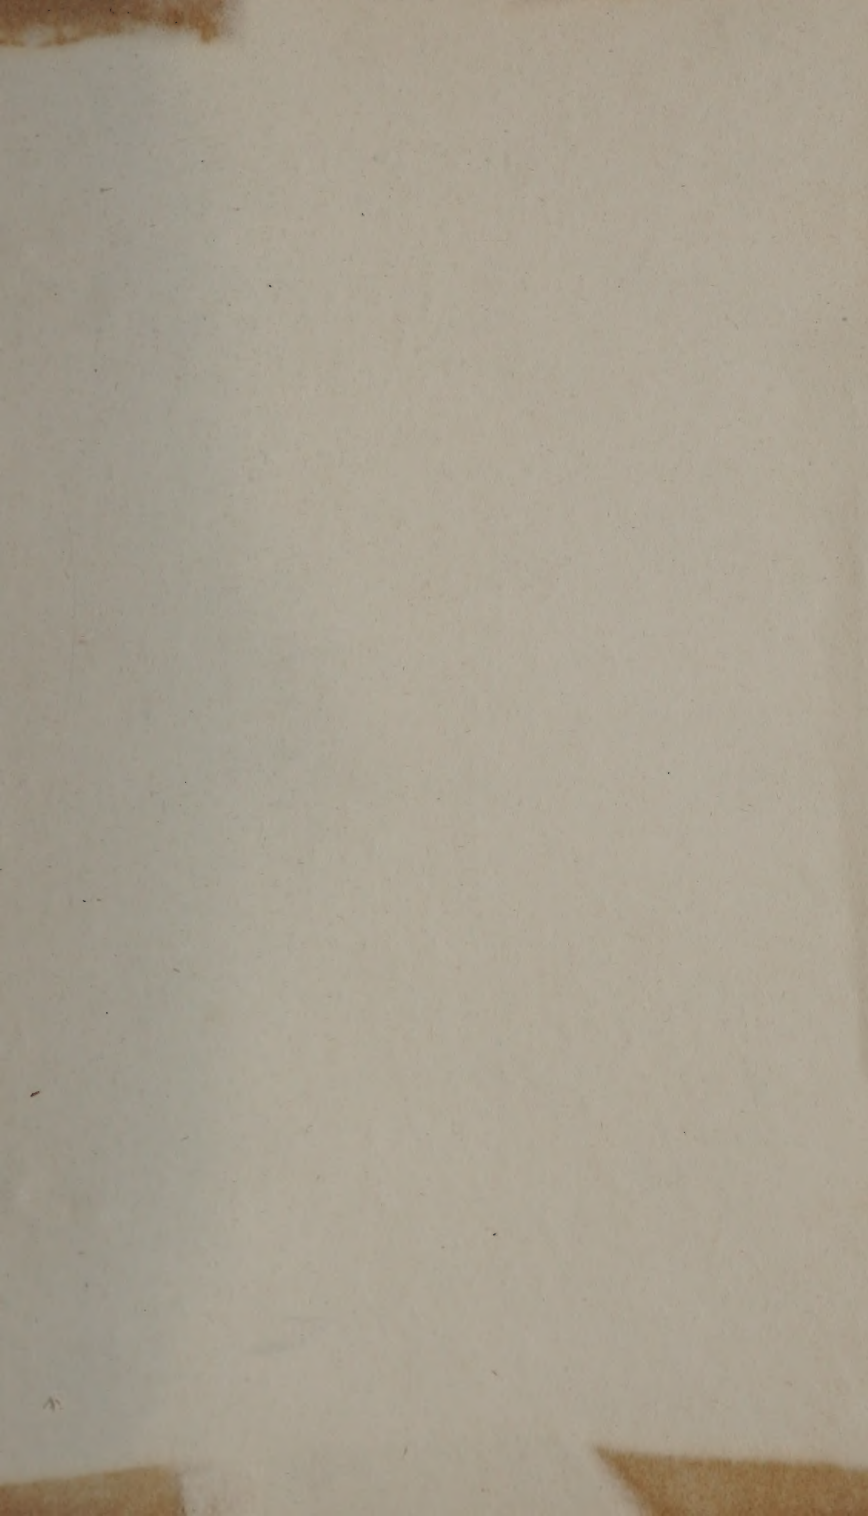

Very respectfully,

CLARENCE B. CHENEY.
